**Advance Directives**

*An "Advance Directive" is a general term that refers to your instructions about your medical care in the event you become unable to voice these instructions yourself. Each state regulates advance directives differently. California laws regarding Advanced Directives are found in the California Probate Code Section 4670 to 4678 and 4700 to 4701. There are two types of Advance Directives: Power of Attorney for Healthcare and Instructions for Healthcare. You have the right to informed decision making regarding your care, including information regarding Advance Directives and this facility's policy on Advance Directives. Applicable state forms will also be provided upon request. A member of our staff will be discussing Advance Directives with the patient (and/or patient's representative) prior to the procedure being performed.*

**Facility Policy**

Endoscopy Center of the South Bay respects the right of patients to make informed decisions regarding their care. The Center has adopted the position that an ambulatory surgery center setting is not the most appropriate setting for end of life decisions. Therefore, it is the policy of this surgery center that in the absence of an applicable properly executed Advance Directive, if there is deterioration in the patient's condition during treatment at the surgery center, the personnel at the center will initiate resuscitative or other stabilizing measures. The patient will be transferred to an acute care hospital, where further treatment decisions will be made.

If the patient has Advance Directives which have been provided to the surgery center that impact resuscitative measures being taken, we will discuss the treatment plan with the patient and his/her physician to determine the appropriate course of action to be taken regarding the patient's care.

# South Bay Gastroenterology Medical Group And The Endoscopy Center of the South Bay

## Office Policy for Insurance Billing

South Bay Gastroenterology Medical Group and Endoscopy Center of the South Bay have enrolled in numerous managed care insurance programs to accommodate the needs of our patients.

With each insurance program, there are many individual requirements of the plan, with different stipulations regarding what services are covered and how often they may be performed. These plans differ depending on what type of contract your employer has negotiated.

Because we do not have access to each employer's guidelines and stipulations; we must rely on you, the patient, to inform us regarding what those guidelines and stipulations are, at every visit.

Unfortunately, if you do not inform us of special requirements in your insurance contract regarding:

- **Lab work**
- **Screenings / Preventive Care**
- **Hospitalization and/or**
- **Out-Patient procedures**

that are non-covered, need a referral from your primary care physician or need to be performed at a specified location; we have no choice but to bill you directly for those charges. Payments for those charges will then be your responsibility.

Please check with your insurance if you have any questions related to the services we provide. We would like to ensure that you receive all the benefits offered to you.

\*\*\*\*\*

I have read and understand the office policy stated above and agree to accept responsibility as described.

**NOTICE TO PATIENTS REGARDING ANESTHESIA BILLING**

**Please read, initial where indicated and sign below**

Endoscopy Center of the South Bay is now offering anesthesia services to its patients. Propofol is an IV drug administered by a Certified Registered Nurse Anesthetist (CRNA), who is trained to administer your sedation. Please note that charges for anesthetic services (CRNA) are separate from and in addition to routine charges for endoscopic services rendered by your physician, the surgery center, and pathology charges (biopsies, if taken). These charges are generally covered by your health insurance policy. As to Anesthesia, we are unable to get prior authorization. Our CRNA's may be out of your network. If you would like to check, please feel free in contacting our billing department at 866-809-1220.

**(INITIAL HERE)** I understand that following my receipt of the professional services referred to above, I acknowledge that my insurance will be billed and I will be responsible for payment of any deductibles and co-insurance that may be applicable.

*Non Coverage and/or Cash prices for Anesthesia services provided:*

**(INITIAL HERE)** I am aware that my insurance company may not pay/cover this service and I acknowledge that I will be billed the following amount if my insurance company denies payment for any reason:

## ENDOSCOPY CENTER OF THE SOUTH BAY

*Please review the following information, regarding billing practices and changes to coverage and benefits*

As a courtesy, we verify coverage and benefits a few days prior to scheduled procedures. We attempt to contact patients to inform them of out of pocket expenses that are in excess of \$500.00 which they are responsible for. If during the verification process, we are informed by the patients' insurance company that the procedure will not be covered, we make an effort to notify the patient in advance.

**IT IS ULTIMATELY THE PATIENT'S RESPONSIBILITY TO VERIFY AND BE INFORMED ABOUT THEIR COVERAGE AND BENEFITS.** The information given to us by any insurance company is a benefit quote limited to the information they have on file at the time of the inquiry and is not guaranteed.

### **OUR BILLING PROCESS IS AS FOLLOWS:**

You may incur up to five \*(5) charges for your procedure. The doctor will charge for his/her professional fee which is billed under *South Bay Gastroenterology* and the facility will charge for the use of the ambulatory surgical center which is billed under *The Endoscopy Center of the South Bay*. Anesthesia will be charged separately and will be billed to your insurance company/companies. \*If a biopsy or removal is performed you will incur (2) additional bills for pathology. Once your insurance company/companies has processed and made payment, any remaining balance, which is "Patient Responsibility", will be billed on 4 separate statements as described above. Payments should be made to each entity separately.

### **COLONOSCOPY SCREENING:**

*If* you are scheduled for a colonoscopy, please acknowledge the following:

The reason for a screening exam is for the detection of any abnormalities. IF ANYTHING IS FOUND AND REQUIRES INTERVENTION (FOR EXAMPLE A POLYP IS FOUND AND A BIOPSY IS TAKEN) THE EXAM IS NO LONGER CONSIDERED A SCREENING AND YOUR BENEFITS MAY CHANGE. In accordance with billing and coding guidelines, we must report the findings (reason for the intervention) as the primary diagnosis and the screening code as the subsequent diagnosis. It is important to understand the difference between a screening and a diagnostic colonoscopy. A screening colonoscopy is performed on patients who do not have signs or symptoms and there are no significant findings found during the examination. A diagnostic colonoscopy is performed to evaluate signs or symptoms of disease.

If you have any questions regarding this notice, please feel free to address them with the Billing Department at 310-539-2055.

For questions regarding your benefits, please contact your insurance company.

I have read and understand the information above.

### Advance Directives

*An "Advance Directive" is a general term that refers to your instructions about your medical care in the event you become unable to voice these instructions yourself. Each state regulates advance directives differently. California laws regarding Advanced Directives are found in the California Probate Code Section 4670 to 4678 and 4700 to 4701. There are two types of Advance Directives: Power of Attorney for Healthcare and Instructions for Healthcare. You have the right to informed decision making regarding your care, including information regarding Advance Directives and this facility's policy on Advance Directives. Applicable state forms will also be provided upon request. A member of our staff will be discussing Advance Directives with the patient (and/or patient's representative) prior to the procedure being performed.*

Endoscopy Center of the South Bay respects the right of patients to make informed decisions regarding their care. The Center has adopted the position that an ambulatory surgery center setting is not the most appropriate setting for end of life decisions. Therefore, it is the policy of this surgery center that in the absence of an applicable properly executed Advance Directive, if there is deterioration in the patient's condition during treatment at the surgery center, the personnel at the center will initiate resuscitative or other stabilizing measures. The patient will be transferred to an acute care hospital, where further treatment decisions will be made.

If the patient has Advance Directives which have been provided to the surgery center that impact resuscitative measures being taken, we will discuss the treatment plan with the patient and his/her physician to determine the appropriate course of action to be taken regarding the patient's care.

## Physician Ownership

**Physician Financial Interest and Ownership:** The center is owned, in part, by the physicians. The physician(s) who referred you to this center and who will be performing your procedure(s) may have a financial and ownership interest. Patients have the right to be treated at another health care facility of their choice. We are making this disclosure in accordance with federal regulations.
